

TAC Rockford can custom-design a ultra-heavy-duty Pelican case to store your gauges. A custom foam insert can hold just a runout arbor, or all of your gauges together – runout arbor, drawbar force, tool changer alignment, or any other gauges that you use in conjunction with the runout arbor. Pelican cases are guaranteed forever* and are suitable for ground or air shipment without additional packaging when properly sealed.

*The Pelican guarantee does not cover shark bite, bear attack, or damage caused by children under five.

Preventive Maintenance Gauges

Dimensional Gauges, Balancing Masters, Coolant Supply Gauges, Center Height/Master Setting, Tool Changer Alignment Gauges, Machine Set-up Gauges. Also ask us about custom gauges and personalized solutions for your machine or machine tool.

Runout Test Arbors

Available for all major machine tapers, including CAT/DIN/BT Steep Taper, HSK, Capto, KM, Morse, and others.

Chuck Force Gauges

Measure chuck jaw clamping force at high speeds. Also available for other chuck measuring applications.

Drawbar Force Gauges

Measure tool clamping force to protect spindles and ensure machining accuracy.

Custom Machine Tool Gauges

Any gauge for any machine or machine tool.
